## Information Technology

Agency Overview

## Agency Mission

The mission of the Information Technology (IT) Department is to provide services to all City agencies for computer usage, software development, personal computer support, mobile computing, telephones, network communications, computer training, and general IT consulting.

## Agency Overview

The Agency supports the City's hardware, software, and telecommunications network. The Department also supports a wide variety of software from email to document management systems to enterprise databases, facilitates the dissemination of City information to the public via the City website, and provides the ability for the public to conduct business with the City via the internet. The Agency also includes Madison's Media Team unit provides television and internet streaming coverage of public meetings.

## 2018 Budget Highlights

The 2018 Executive Budget includes funding for:

- Maintaining the current level of service including software maintenance contracts ( $\$ 1.3 \mathrm{~m}$ )
- Creation of a Communications Manager $(\$ 90,000)$

## Service Overview

## Service: Application Development \& Support

## Service Description

This service administers citywide and agency specific applications, software, and webpages. Supported applications include City databases and database software, the City's website and Employeenet, the Electronic Document Management System (EDMS), the centralized Geographic Information System (GIS), support for enterprise applications such as MUNIS, Legistar, report writing tools, and all permitting, licensing, asset management, and land/planning applications.

## 2018 Planned Activities

- Upgrading systems and services where practical
- Improve processes and applications for effectiveness and efficiency gains, including an upgrade to our website search engine, an enterprisewide public works project and contract compliance system, expansion of the open data portal and interactive online mapping, and a civil rights case management system

Service Budget by Account Type

## Service: Technical Services

## Service Description

This service supports the citywide network of high-speed fiber, City-owned computers and telephones, software upgrades and security patches, a City-owned wireless hotspot network, and digital video surveillance cameras. The service stays current with the latest security, hardware, and software technologies and recommends implementation of these technologies where appropriate. This service also includes the Media Team (Madison City Channel) that provides live coverage of City meetings and maintains taped replays and online archives of those meetings. The goals of this service are to continue to provide technology-based solutions that support customers' missions in all City departments/divisions and to provide data and application communication technology between government agencies and City residents and visitors.

## 2018 Planned Activities

- Continue refresh of data center hardware and software to support physical and virtual server, networking, and storage environments
- Upgrade the City's virtual environment and introduce an enterprise solution for computer system security monitoring
- Upgrade capabilities to increase high availability for critical systems
- Implement new IT Service Management toolsets for improved request, incident, and change management functions
