Capital Improvement Plan

Project Summary: Adopted

	2022	2023	2024	2025	2026	2027
Sustainability Improvements	1,168,595	850,000	850,000	850,000	850,000	850,000
	\$ 1,168,595	\$ 850,000	\$ 850,000	\$ 850,000 \$	\$ 850,000 \$	850,000

Changes from 2021 CIP

Major Changes

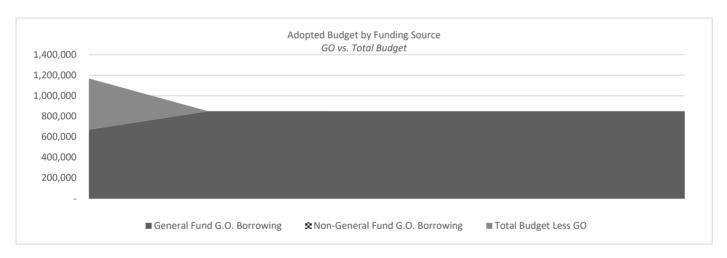

• Sustainability Improvements

This program moved from Engineering - Facilities Management to the Mayor's Office. The program budget was increased \$246,595 for a Wisconsin Public Service Commission grant for the project "Energy Efficiency in Naturally Occurring Affordable Housing: Implementing Efficient Building Technologies and Preserving Affordable Housing". The program budget was also increased \$250,000 in federal American Rescue Plan Act (ARPA) funding for the Naturally Occurring Affordable Housing (NOAH) Energy Efficiency Program.

Project Overview

ProjectSustainability ImprovementsProject #10563Citywide ElementGreen and ResilientProject TypeProgram

Project Description

This program is for implementation of the City of Madison's sustainability projects. The goal of this program is to transition the City of Madison to operating off of 100% renewable energy and zero net carbon. Projects funded in this program include implementation of the City's Sustainability Plan, the 100% Renewable Madison Report Resiliency Planning, and Renewable Energy Credit (REC) purchases. Projects planned for 2022 include the Wisconsin Public Service Commission grant for the project "Energy Efficiency in Naturally Occurring Affordable Housing: Implementing Efficient Building Technologies and Preserving Affordable Housing" and ARPA funding for the Naturally Occurring Affordable Housing (NOAH) Energy Efficiency Program.
