## Project Overview

Project	<b>Far West Facility</b>	Project #	<b>13016</b>
Citywide Element	<b>Effective Government</b>	Project Type	<b>Project</b>

### Project Description

This project funds the construction of a long-planned fully functioning Streets South Point Facility. The goal of this project is to improve accessibility to government agencies and serve our rapidly growing far west community by better distributing staff and equipment geographically between three facilities rather than two. The Streets Division currently loses thousands of hours annually transporting employees and equipment from the Badger Rd facility to perform work in this part of the City. This will allow the Streets Division to maintain easier resident access, as well as provide more effective and efficient services to our residents. Progress will be measured by the completion of a South Point Facility.

Project	<b>Street Tree Program</b>	Project #	<b>12415</b>
Citywide Element	<b>Green and Resilient</b>	Project Type	<b>Program</b>

### Project Description

This program provides funding for the planting of terrace trees along new streets and the replacement of street trees within the City in conjunction with Emerald Ash Borer (EAB) efforts. The program combines the budget authority from Assessable Trees and Street Tree Replacement, programs that have existed through the 2019 Parks capital budget. The goal of the program is to ensure the maintenance and improvement of the urban forest tree canopy in the City by replacing damaged or sick trees and planting diverse tree species to create a resilient tree canopy. Progress will be measured by the number of trees planted, not including EAB Replacements.

Project	<b>Streets Equipment</b>	Project #	<b>10458</b>
Citywide Element	<b>Green and Resilient</b>	Project Type	<b>Program</b>

### Project Description

This program is for new Streets Division equipment. The goal of this program is to ensure the services provided by the Streets Division are completed with reliable equipment and machinery. Funding in 2022 is for a new tandem dump truck with spreader, compactors for drop off sites, and Town of Madison recycling carts, Rear Loader, and toolcat.
