

CTH PD (McKee Road) PRECONSTRUCTION Public Involvement Meeting

You are invited to attend the preconstruction public involvement meeting for the CTH PD (McKee Road) project on **Wednesday, April 26th, 2017 – Chavez Elementary School – 3502 Maple Grove Drive.**

The proposed project will begin at Meriter Way and extend to Maple Grove Drive. It will consist of reconstructing CTH PD to an urban roadway with four (4) vehicular travel lanes, two (2) on-road bike lanes, curb and gutter, sidewalk, multi-use path, and a raised curb and gutter median. The project will also include construction of a multi-use path bridge that will pass over CTH PD for the Ice Age Junction Path and Ice Age National Scenic Trail. Additional project work includes intersection improvements, extension of the box culvert just west of Muir Field Road, traffic signals and street lighting, and improvements to the storm sewer, sanitary sewer, and water main.

This meeting will focus on what to expect during construction — scheduled for April through October. Attendees will have an opportunity to review project displays and ask questions during the meeting. The meeting will be an **open-house format from 6:30-8:30 pm, with a formal presentation at 7 pm.**
