Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at: <https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

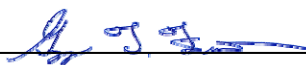

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Sincerely,

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:

<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert> to learn more, register for meetings, and sign up for project updates. For additional information contact Sarah Lerner, PLA, City of Madison Engineering Division at 608-261-8592 or at slerner@cityofmadison.com.

Re: Public Informational Meeting

The City of Madison Engineering Division seeks your input on improvements to Robin Greenway and Orchard Drive Culvert.

The 2023 Capital Budget includes funding for improvements to Robin Greenway. These improvements include culvert replacement at Orchard Drive, as well as restoration work to address community concerns related to vegetation, trees, erosion, access and long-term maintenance of this public property.

The City recognizes that this space provides multiple environmental, habitat, and public health benefits to the community as part of the City of Madison greenway infrastructure.

The City of Madison held an online public meeting on Thursday, February 9, 2023. Presentation materials, the recorded meeting, as well as the results of public engagement during the meeting can be viewed at the project website listed below.

A second in-person public input meeting will be held at the below location and time. You are invited to the below meeting to provide input on two design concepts that identify tree removals and plantings, path access, and long-term plans for maintaining this space.

1. Robin Greenway Design Workshop

Date: Tuesday, March 14, 2023 at 5:30 PM

Location: Sequoya Library Meeting Room, 4340 Tokay Blvd, Madison, WI 53711

Registration: To register for the public meetings, please use the link provided on the project web page at:
<https://www.cityofmadison.com/engineering/projects/robin-greenway-and-orchard-drive-culvert>

The project website will be updated regularly, which will include all public information presentation slides, City committee meeting dates and times, updated project schedule information, project contacts, and other important details

related to the project.

Access the project website at:
