## Executive Budget User's Guide

## Agency Budgets

Agencies were instructed to submit 2019 budget requests that were consistent with the cost to continue current service levels. Cost to continue adjustments included: planned salary adjustments (step and longevity increases), a revised fleet rate, increased water rates, and updated insurance and workers' compensation expenses, along with various agency specific items were extra-ordinary inflation is project.

Agency budgets are presented in Section 4 of the document. Budgets are presented in alphabetical order. Agency budgets are presented by service and by fund at the major expenditure level.

- Service-An activity or set of activities performed by an agency that has: identifiable costs for budgetary purposes, and a clear purpose with measurable objectives.
- M ajor Object: A set of like accounts defining the nature of revenues and expenditures. M ajor objects within the City of M adison's chart of accounts include:

Agency chapters are organized into 5 sections. Information previously submitted as a supplement now appears within agency sections.

2. Budget Overview
a. Provides an overview of agency budgets by service and by fund organized by major type of expenditure
3. Service Overview

4. Position Detail

5. Line Item Detail
a. Outlines line item expenditures within the agency's primary fund.

## Pay Increases

The Executive Budget includes the following wage increases:

- Sworn Police and Fire: Bargaining is ongoing and any wage increases will be depended on the collective bargaining process.
- Teamsters: The annualization of a 2\% increase planned for December 2018.
- All Other Civilian Positions: 3.25\% increase in January 2019.

## Allocation of Fringe Benefits

Fringe benefit amounts reflected in agency budgets are based on anticipated 2019 rates. Benefits that remain centrally budgeted included: sick leave escrow payments, City employee bus subsidy payments, and unemployment benefits. Benefits budgeted centrally within the General Fund are distributed to agencies based on actual expenditures throughout the year.

## Enterprise Funds

The operating budget includes revenue and expenditure information pertaining to Madison's enterprise funds including:

- M onona Terrace
- Golf Enterprise
- Transit Utility (M etro Transit)
- Parking Utility
- Sewer Utility
- Stormwater Utility
- Water Utility

All enterprise funds, except M onona Terrace and Transit Utility, do not receive a subsidy from local sources. M onona Terrace receives a subsidy through the Room Tax Fund as authorized by the Room Tax Commission. The Transit Utility also receives a General Fund subsidy outlined in the proposed budget for M etro Transit. Savings resulting from lower than anticipated expenses and revenues generated in excess of budgeted levels are maintained in the individual enterprise operating funds. This policy affords enterprise managers the opportunity to utilize positive budget variances to benefit future year operations. It also builds capacity to respond to future budget shortfalls from enterprise resources, without affecting General Fund expenditure levels.

## Cost Allocation

The Executive Budget reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.

* The Debt Service Fund is paying the Villager debt on the 10 year amortization schedule and CDA Redevopment is reimbursing the Debt Service Fund on a 20 year amortization schedule. This results in the CDA paying more in interest to the Debt Service Fund than the Debt Service is paying out; thus a revenue is realized for the Debt Service Fund.
**The General Obligation offering will take place on October 2, 2018, after the publication of the Executive Budget. This table will be updated through
the amendment process to reflect the actual borrowing in the Adopted Budget.

## Direct Appropriation Notes (Continued)

Community Gardens Partnership: These funds are for a partnership with Community GroundWorks and Dane County UW-Extension to provide operations and support of community gardens programming. The City contribution supports general operations through a contract with Community GroundWorks is $\$ 25,000$ general support, the initiative receiving additional funds through the Community Development Block Grant (budgeted in CDD). The 2019 Executive Budget increases funding for this contract by $\$ 10,000$ from $\$ 25,000$ to $\$ 35,000$

Cost Allocation Study: These funds were added as part of the 2018 budget to examine the City's methodology for allocating costs to central services. The cost allocation model was completed in the Spring of 2018 . Ongoing funding will be used to develop a federally compliant plan as well as update the existing plan.
Immigration Assistance Fund: A contribution made by the City to the Madison Community Foundation to support an Immigration Assistance Fund to be used for legal services for immigrants. The City contribution, along with funds from Dane County and private contributions, will be used as a grant match to receive technical assistance from the Vera Institute of Justice. The Executive Budget transfers these funds to the Community Development Division.
Improvement Initiatives: These funds support leadership development training opportunities for City staff. Funding also support customer satisfaction surveys and periodic resident satisfaction surveys administered by the University of Wisconsin Survey Center.

Madison Food Policy Council: These funds are for a grant program providing funding for projects geared towards improving Madison's regional food system through improving food access. The grant program is administered by the M adison Food Policy Council.

MadMarket: These funds are for contractual support to administer Electronic Benefits Transfer (EBT) programming for Supplemental Nutritional Assistance Program (SNAP) participants at farmers' markets and the MadMarket Double Dollars program at participating markets. This service is carried out through a partnership with Dane County. Community Action Coalition is the current vendor.

Martin Luther King Holiday: These funds provide transportation services and child care for the Martin Luther King Jr. Holiday celebration.
Pathways Program: These funds provide the City's commitment to the Pathways Program through the Madison Metropolitan School District. The Pathways program seeks to provide MMSD students with career opportunities in the Greater Madison area. Partners in the program include: Madison M etropolitan School District, Dane County, the City of Madison, Madison Area Technical College, Workforce Development, and the Greater M adison Chamber of Commerce.
Police Policy Committee: These one-time funds were used for an independent study to review policies and procedures pertaining to the Madison Police Department. The 2016 Adopted Budget included $\$ 50,000$ for costs associated with the study, an amendment in 2016 increased funding for the study to $\$ 400,000$. The study has been completed and no additional expenditures are anticipated in 2019.

Prior Year Encumbrances: Financial reporting standards require that annual budget comparison reports include a carry-over budget to recognize the expenditure of funds encumbered at the end of the previous year but spent in the current year. To achieve conformance with this requirement, the budget includes an appropriation of funds for the payment of prior year encumbrances. This spending authority is later reallocated to the various agencies with prior year encumbrances through a Common Council resolution, and the corresponding expenditures are recorded in the appropriate agencies.
Governance Task Force: These funds are a continuation of one-time funds added in 2018 to support the work of the Governance Task Force. Potential uses for these funds may include, but are not limited to, public engagement, language interpretation and translation, facilities rental and any other research-related costs.
THRIVE/MadREP: These funds are for the City's annual membership costs to MadREP. The Executive Budget increases the City's contribution by $\$ 32,000$ from $\$ 18,000$ to $\$ 50,000$.
Contingent Reserve: It is the City's policy to appropriate $0.5 \%$ of budgeted expenditures to the Contingent Reserve. Contingent Reserve spending authority may later be reallocated to various agencies through resolutions of the Common Council. The 2019 Executive Budget increases the Contingent Reserve by $\$ 330,000$ to keep pace with growth in the General Fund.

Cost Allocation: In 2018 the City conducted an analysis regarding the allocation of central service costs to enterprise and grant agencies. Actual allocated costs are reflected in agency budgets, reference the Executive Summary for a full breakdown of the plan.

The presentation of the Room Tax Fund has been modified from prior years to reflect changes to state law and to reflect the requirement, first effective in 2017, that 70 percent of room tax revenues be transferred for allocation by a Room Tax Commission created by the City.
(a) The CDA lease revenue bonds were refinanced in late 2012. This refinancing will reduce debt service by an average of $\$ 150,000$ annually until the bonds are retired in 2020. In addition, the reserve required by the bond was moved to the CDA. The General Obligation bonds were initially issued as part of the original Monona Terrace financing. They are due to be retired in 2014. It is anticipated that the revenues made available from this reduction in spending will be used to replenish the Monona Terrace reserves beginning in 2015.
(b) Under state law, $70 \%$ of room taxes are distributed by the Room Tax Commission and $30 \%$ are retained by the City. The Room Tax Commission anticipates allocating sufficient room tax revenues in 2018 on a permanent basis to eliminate the reliance on Monona Terrace reserves, as well as providing additional room tax subsidy to Monona Terrace to help reach the goal that reserves are at least $20 \%$ of expenditures. The Monona Terrace Board has stated that the Monona Terrace Reserve Fund is to be used to cover Monona Terrace's unexpected operating and capital shortfalls as well as to help support a future renovation. In 2019, use of reserves reflects Monona Terrace's budget request. The "Balance of Unassigned Funds" represent the unspent portion of the 70\% of room taxes allocated to the Room Tax Commission. The Room Tax Commission plans to establish a policy for setting aside room tax revenues in the event of shortfalls in actual room tax revenues compared with estimates. In 2019, the balance of unassigned revenues is $0.9 \%$ of 2019 forecast room tax collections allocated to the Room Tax commission.
(c) In 2015, a new contract with Greater Madison Convention and Visitors Bureau (GMCVB) was establlished. The contract increased the room tax allocation to GM CVB from $20 \%$ of prior year revenues in 2014 to $30 \%$ by 2020 and $34 \%$ by 2022 . In 2017 , the contract was renewed through 2023 with an allocation of $28 \%$ in 2020 and $34 \%$ by 2023. Per the contract, the 2019 share of prior year revenues will remain at $26 \%$, the same level as in 2018. Funding increases resulting from the agreement will be invested, for the purpose of increasing conventions and other events in M adison, in additional resources in the following five areas: convention sales, convention services, marketing, sports development and strategic planning.
(d) In 2019, \$15,000 is provided to help support fireworks events, including Shake the Lake and Elver Park.
(e) These funds will be used to promote conferences and/or enterprises that the City helps host or sponsor that are designed to provide education and training for $M$ adisonians and also to promote $M$ adison as a city of distinction and place of topical interest.
(f) This includes funds for events as determined by the Arts Commission that result in tourism and hotel room nights in the City.
(g) This includes funding for Dane Dances ( $\$ 25,000$ ); Make Music Madison, a summer solstice festival ( $\$ 30,000$ ); a Madison Songwriting Conference and Festival ( $\$ 25,000$ ); and Downtown Temporary Art Installations $(\$ 20,000)$. Funding for Make Music Madison is increased by $\$ 5,000$ in 2019. A new program for downtown temporary public art installations is created in 2019 and funded at $\$ 20,000$.
(h) In 2019, \$15,000 is continued to support the WIAA Tournament.
(i) Allocation of funding for enforcement of state laws and City ordinances related to tourism rooming houses is subject to approval by the Room Tax Commission.
(j) Allocation of funding to support operating subsidies to the Henry Vilas Zoo, the Olbrich Botanical Gardens, and the Overture Center is authorized by the Room Tax Commission, consistent with state law. In 2017, the Overture Center subsidy was increased by $\$ 150,000$ (from $\$ 1,750,000$ to $\$ 1,900,000$ ). In 2019, the Overture Center subsidy is increased by $\$ 100,000$ (from $\$ 1,900,000$ to $\$ 2,000,000)$.

By the adoption of this budget, the City Council hereby incorporates the decisions of the Room Tax Commission into the 2019 operating budget in accordance with state law. An increase in the room tax rate from $9 \%$ to $10 \%$ for the Room Tax Fund was first adopted in the 2018 budget.

The Special Assessment Revolving Fund is used as a financing source for the assessable portion of various capital projects included in the Capital Budget. Agencies that have projects partially financed by this fund include Engineering, Traffic Engineering, Parks, Sewer Utility, Stormwater Utility, and Water Utility. The primary source of revenue for the Special Assessment Revolving Fund is the repayment of past assessments. These assessments can be paid either in full or on an installment basis collected in conjunction with the annual property tax bill.

In 2014, the Council authorized $\$ 2$ million in funds from General Obligation borrowing to provide additional working capital for the Fund, as recent economic conditions have deferred principal repayments to the Fund. The funding will be recovered over time, but borrowing is required in the short term.

Note on Reserve Policy:
The City's Insurance Fund reserve policy is to maintain a net asset balance equal to or greater than the current year aggregate self-insured retention (SIR) contained in the City's liability insurance coverage as established by Wisconsin M unicipal M utual Insurance Company (WM M IC) policy.
On December 3, 2013, the Common Council authorized an additional appropriation of $\$ 1,000,000$ to the Insurance Fund from the City General Fund (Legistar \#32182, RES-13-00882).

On December 2, 2014, the Common Council authorized an additional appropriation of $\$ 150,000$ to the Insurance Fund from the City General Fund (Legistar \#36230, RES-14-00873).

On January 5, 2016, the Common Council authorized an additional 2015 appropriation of $\$ 500,000$ to the Insurance Fund from the City General Fund (Legistar \#40817, RES-16-00012).

The City of M adison aggregate SIR for 2015 is $\$ 1.55$ million. Based on the reserve policy, the Insurance Fund is expected to be above its net asset goal by $\$ 278,430$ at the end of 2015. Claims are reserved at a $95 \%$ confidence level.

In 2017, the confidence level at which claims are reserved is changed to $85 \%$. This means in 85 out of 100 cases, the amount reserved will be sufficient to pay outstanding claims.

In 2016, premiums in the Insurance Fund are increasing for two primary reasons. First, significant rate increases were expected in the Local Government Property Insurance Fund (LGPIF) due to past changes by the Legislature and incurred losses. As an alternative, the City sought a proposal from the newly formed Municipal Property Insurance Corporation (MPIC). This proposal was $\$ 100,000$ less than the LGPIF, but still represents an increase of $\$ 50,000$. However, M PIC does not cover auto physical damage. The City also worked with the Transit Mutual Insurance to secure that coverage. On the liability side, the City is facing a liability premium increase of approximately $\$ 45,000$ for 2016. Second, the fund is also in the midst of defending a larger number of litigated files than in past years resulting in increases in the reserve adjustment. Administrative costs are also increasing due to additional staff support for the program and other salary and benefit adjustments.
In 2017, billings to agencies are increased by $\$ 650,000$.
In 2017, $\$ 16,000$ was added for Emergency M anagement. These funds include money for training, plan development, active shooter exercises and supplies. M adison Police Department will supply Risk M anagement with a report detailing goals and progress of active shooter training and a plan for cost recovery of training to outside entities.
In 2018, WM M IC dividend was reduced by $\$ 300,000$ based on projections; billings to agencies increased by $\$ 250,000$.

Note on Workers Compensation Fund Policy:
The City's Workers Compensation Fund policy is to maintain a net asset balance equal to or greater than the current self-insured retention (SIR) contained in the City's excess Workers Compensation insurance policy. In 2015, the SIR is increased to $\$ 650,000$. Claims are reserved at a $95 \%$ confidence level.

In 2017, the confidence level at which claims are reserved is changed to $85 \%$. This means in 85 out of 100 cases, the amount reserved will be sufficient to pay outstanding claims.

On December 3, 2013, the Common Council authorized an appropriation of $\$ 750,000$ to the Workers Compensation Fund from the City General Fund (Legistar \#32182, RES-13-00882). In 2015, billings to agencies were increased by $\$ 125,000$. Additional appropriations from the General Fund, as well as increased billings to agencies, may be required in the future if fund expenses continue to exceed revenues. Much of these increased expenses can be attributed to the actuarial reserve adjustment associated with medical cost inflation and increases in average claim amounts.

In 2017, billings to agencies increased by $\$ 150,000$.
In 2018, billings to agencies increased by $\$ 250,000$ to meet budgeted increase in losses paid.
In 2019, billings to agencies decreased by $\$ 200,000$ to meet budgeted decrease in losses paid.

## Service Overview

## Service: Redevelopment

## Service Description

This service oversees the Community Development Authority's (CDA) efforts to carry out various economic and redevelopment initiatives of the City. Active CDA redevelopment work includes: The Village on Park, public housing redevelopment in the Triangle, and the Allied Drive Neighborhood redevelopment. The CDA also operates more than 200 affordable apartments with long-term rent restrictions but no federally funded operating subsidy. The goals of this service are to redevelop aging public housing to improve living conditions for existing residents, ensure quality housing for low-income households continues, and undertake redevelopment activities that strengthen low and moderate-income neighborhoods by removing blight and constructing high-quality affordable housing.

## 2019 Planned Activities

- Continue to work on the redevelopment of the Triangle neighborhood, the sale of single family homes at M osaic Ridge on Allied Drive, and the redevelopment efforts at The Village on Park.

## Debt Service

## Agency Overview

## Agency Overview

The agency accounts for Citywide appropriations that support general obligation loan authorization principal and interest payments for the City other than TID or enterprise debt. All general obligation notes and bonds payable are backed by the full faith and credit of the City. Notes and bonds in the governmental funds will be retired by future property tax levies or tax increments accumulated by the debt service fund. General obligation long-term debt comprises the largest share of outstanding debt to the City.

The 2019 appropriation for all general obligation borrowing of $\$ 177.5$ million is $\$ 19.4$ million less than the 2018 appropriation. The General Fund general obligation debt service for 2019 is $\$ 46,462,422$ in principal and $\$ 8,705,634$ in interest for a total of $\$ 55,168,057$. The General Fund general obligation debt service for 2018 was $\$ 39,773,506$ in principal and $\$ 7,465,604$ in interest for a total of $\$ 47,239,110$.

As a result of the annual debt review by rating agencies, the City has a Aaa bond rating, the highest quality rating available with M oody's Investors Services.

The debt service fund has advanced amounts to various enterprise funds and component units to fund the repayment of long-term liabilities. Repayment schedules have been established and interest is being charged based on the repayment schedules.

The City of M adison has established a policy to remove from the Capital Budget those items with a useful life of less than the repayment term of General Obligation debt (usually ten years). Those items should be considered in the Operating Budget under MGO 4.02(6)(c)(3).

In December 2012, the Common Council created MGO 4.17 to prohibit the use of unused balances in the debt service fund for operating expenses. The Ordinance states: "In any year when general debt reserves are applied to reduce general fund debt service, an amount at least equal to the general debt reserves applied must be directly appropriated from the general fund for capital projects, unless the Common Council, by a separate vote of two-thirds (2/3) of all members during approval of the budget, votes to do otherwise."

Under Wisconsin State Statutes, the outstanding general obligation long-term debt of a municipality may not exceed $5 \%$ of the equalized property value of all taxable property within the city's jurisdiction. At the end of 2017, applicable debt of the City totaled $\$ 447.7$ million or $33.4 \%$ of the maximum legal limit of $\$ 1,338$ million.

Revenue bonds are payable only from revenues derived from the operation of the responsible fund. This agency does not include revenue obligations for the enterprise operations of the Water Utility or the Sewer Utility. Revenue obligations of the City's enterprise operations are provided in the respective budgets for these funds.

## 2019 Budget Highlights

The 2019 Executive Budget includes funding for:

- Decreased facility lease costs and increased inter-agency maintenance costs billings due to the reopening of the Madison M unicipal Building offices ( $\$ 40,000$ ).
- Decreased City County Building (CCB) facility maintenance and custodial charges $(\$ 50,000)$.
- Software maintenance costs for CAD licensing upgrades to ensure the existing service level for Engineering design work is maintained ( $\$ 62,000$ ).
- Increased charges from Fleet for in-house vehicle maintenance instead of contracted maintenance for assets owned by the Engineering Division because it is more cost effective. An existing Fleet service technician will be stationed at the Engineering facility on Emil Street to provide service on the vehicles ( $\$ 2,700$ ).
- Reclassification of position \#4100 from a Custodial Worker 3 to a Program Assistant 1 (\$0).
- Creating two new positions in 2019. Newly created positions include:
-Public Information Officer for communication and education to the public regarding public works construction projects. The position will be split funded between the Engineering Division, Stormwater Utility, Sewer Utility, and Capital Projects fund (Total cost \$67,200, General Fund \$4,700).
-Surveyor to improve turnaround time and quality of project site surveying for public works projects. The position will be split funded between the Engineering Division, Stormwater Utility, Sewer Utility, and Capital Projects fund (Total cost $\$ 62,000$, General Fund $\$ 4,400$ ).
- Reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.

## Agency Overview

## Agency Mission

The mission of the Landfill is to protect the City's public health and the environment by monitoring the operation and maintenance of Madison's five closed landfills.

## Agency Overview

The Agency is responsible for the maintenance of the City's five closed landfill sites at Mineral Point, Greentree, Demetral, Sycamore, and Olin. The Agency's goal is to control and eliminate gas and groundwater contamination to maintain a clean environment in the City.

## 2019 Budget Highlights

## The 2019 Executive Budget:

- Maintains the current level of service with no projected fee increase anticipated in 2019. In 2018 the Landfill rate was increased by $62.5 \%$ or approximately $\$ 3 /$ year for an average residential customer.
- Reflects increased charges from Fleet for in-house vehicle maintenance instead of contracted maintenance for assets owned by the Landfill because it is more cost effective. An existing Fleet service technician will be stationed at the Engineering facility on Emil Street to provide service on the vehicles $(\$ 15,000)$.
- Reflects a net decrease in lab services costs for using a different lab services provider in 2019 instead of contracting with the Public Health department $(\$ 115,000)$.
- Reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.

## Metro Transit

## Agency Overview

## Agency Mission

The mission of Metro Transit is to provide safe, reliable, convenient, and efficient public transportation to the residents and visitors of the M etro service area.

## Agency Overview

The Agency is responsible for the operation, planning, development, and coordination of the public transit system in the M adison metropolitan area.

## 2019 Budget Highlights

The 2019 Executive Budget includes funding for:

- Increased diesel costs based on locked contract rates for 2019 (\$1.0m).
- Increased communication equipment and software costs attributable to M etro's system upgrade $(\$ 125,000)$.
- Increased lease costs for the north transfer point ( $\$ 90,000$ ).
- The reassignment of a Transportation Planner position (\#2687) from M etro Transit to the Transportation Department $(\$ 80,000)$.
- Reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.

In 2018 M etro Transit's paratransit service changed from an in-house service delivery model to a fully contracted transportation service model. The 2019 Executive Budget reflects that service change including:

- Increased agency fare ticket revenue for senior/disabled paratransit rides based current service trends ( $\$ 850,000$ ).
- Elimination of 15 vacant full-time Transit Operator positions due to the change in service from in-house paratransit drivers to a contracted-only service delivery model that occurred in 2018 ( $\$ 1.0 \mathrm{~m}$ ).
- Decreased paratransit transportation services costs based on ridership trends in 2019 ( $\$ 1.4 \mathrm{~m}$ ).
- Total budgeted expenditures for the paratransit service are down $\$ 2.0 \mathrm{~m}$ from 2017 actual expenditures.

## Service: Policy Programming \& Evaluation

Service Description
This service provides program planning, surveillance and analysis, research, and evaluation and is the de facto technical assistance branch of Public Health. The goal of this service is to ensure that Public Health has the information and support needed to guide its work.

## 2019 Planned Activities

- Participate in the Overdose Fatality Review (OFR), a countywide partnership between Public Health and public safety agencies that leverages inter-agency data sharing and practitioner expertise to review fatal drug overdoses. By identifying missed opportunities for intervention and prevention, the program seeks to develop systems-level recommendations for preventing drug overdose deaths in Dane County.
- The newly hired Violence Prevention Coordinator will begin engagement and outreach efforts to create a County Violence Prevention Plan. Using models from other cities and counties, the Coordinator will also reach out to other jurisdictions and consultants to shape the plan.
- As part of ongoing efforts in the area of violence prevention, the Coordinator will begin creating the foundation for a Coalition. Initial efforts will focus on recruiting a core team of stakeholders to work with the Coordinator to review Coalition models, create a proposed structure, and recruitment plan.
- Complete the Community Health Assessment and the prioritization process to select strategic issues in early 2019. Workgroups for the selected priority areas will be launched in the second half of 2019.

## Sewer Utility

## Agency Overview

## Agency Mission

The mission of the Sewer Utility is to provide waste water collection for the City of M adison.

## Agency Overview

The Agency oversees the collection, conveyance, and treatment of City waste water. The Sewer Utility transfers the waste water via design, construction, and maintenance of the sewer and lift station system throughout the City.

## 2019 Budget Highlights

The 2019 Executive Budget:

- Reflects increased funding for software maintenance costs for CAD licensing upgrades to ensure the existing service level for Sewer design work is maintained $(\$ 30,000)$.
- Reflects increased charges from Fleet for in-house vehicle maintenance instead of contracted maintenance for assets owned by the Sewer Utility because it is more cost effective. An existing Fleet service technician will be stationed at the Engineering facility on Emil Street to provide service on the vehicles ( $\$ 45,000$ ).
- Anticipates a 3\% rate increase based on increased sewage treatment costs and projected debt service costs (approximately $\$ 9 /$ year for an average residential customer). In 2018 the Sewer Utility rate was increased by 3\%.
- Creates two new positions in 2019. Newly created positions include an additional closed-circuit television (CCTV) crew to inspect and assess structural condition of pipes to improve forecasting for future projects:
- Sewer and Drainage M aintenance Technician fully funded by the Sewer Utility (Total cost $\$ 50,500$ ).
- Street and Sewer M achine Operator fully funded by the Sewer Utility (Total cost \$43,800).
- Reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.

## Stormwater Utility

## Agency Overview

## Agency M ission

The mission of the Stormwater Utility is to provide stormwater management services to the City of Madison with an equitable rate structure.

## Agency Overview

The Agency is responsible for reducing flooding, improving the water quality of the lakes and waterways, and complying with the Wisconsin Pollutant Discharge Elimination System (WPDES) discharge permit. The goals of the agency include reducing the total suspended solids (TSS) and total phosphorous (TP) within the City's stormwater runoff by working with neighboring municipalities, regulatory agencies, and public watershed organizations.

## 2019 Budget Highlights

The 2019 Executive Budget:

- Provides funding to add two hourly seasonal positions in the Streets Division to clean street sweeping machines ensuring machine operators can increase sweeping time; funded by the Stormwater Utility $(\$ 28,098)$.
- Provides funding to reclassify Streets Division positions \#3812 and \#3814 from Street Machine Operator 1 to Street M achine Operator 3 for street sweeping services funded by the Stormwater Utility ( $\$ 37,347$ ).
- Creates three new positions in 2019. Newly created positions include an additional stormwater construction crew to meet the demand for projects pertaining to localized drainage issues:
- Engineering Operations Leadworker funded 50\% from the Capital Projects Fund and 50\% from the Stormwater Utility (Total cost $\$ 54,000$ ).
- Street and Sewer M achine Operator 3 funded 50\% from the Capital Projects Fund and 50\% from the Stormwater Utility (Total cost \$49,000).
- Street and Sewer M achine Operator 1 funded 50\% from the Capital Projects Fund and 50\% from the Stormwater Utility (Total cost \$44,000).
- Provides funding for software maintenance costs for CAD licensing upgrades to ensure the existing service level for Stormwater design work is maintained ( $\$ 42,000$ ).
- Reflects increased charges from Fleet for in-house vehicle maintenance instead of contracted maintenance for assets owned by the Stormwater Utility because it is more cost effective. An existing Fleet service technician will be stationed at the Engineering facility on Emil Street to provide service on the vehicles ( $\$ 35,000$ ).
- Anticipates a 4\% rate increase based on projected debt service costs (approximately $\$ 4 /$ year for an average residential customer). In 2018 the Stormwater Utility rate was increased by $3 \%$.
- Reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.

## Water Utility

## Agency Overview

## Agency Mission

The mission of the M adison Water Utility is to provide the essential supply of water for consumption and fire protection via quality service and price, for present and future generations.

## Agency Overview

The Agency seeks to maintain the City's water utility network by replacing and rehabilitating new and existing infrastructure.

## 2019 Budget Highlights

The 2019 Executive Budget:

- Anticipates a $30 \%$ rate increase or $\$ 7$ per month for the average residential customer. The most recent water rate increase occurred in 2015. The Water Utility anticipates completing rate increase submissions on an annual basis starting in 2019.
- Reduces machinery and equipment purchases to align with necessary asset replacements in 2019 (\$511,000).
- Reflects the City's cost allocation model that was developed in 2018. The goal of this methodology is to accurately and consistently allocate central service costs to enterprise agencies receiving services. Charges associated with cost allocation are reflected in the inter-departmental charges \& billing major expenditure categories shown in the Line Item Detail section of the agency's budget. Reference the Executive Summary for a full explanation of the methodology, the allocation basis, and summary of allocated costs.
