Amendment Analysis

The amendment proposes creating 10 additional Firefighter positions to staff an ambulance at Fire Station 14. Beginning in 2021, the annualized cost of these positions is \$826,000.

The amendment proposes funding these increases by a variety of reductions to General Fund expenditures totaling \$454,182. With the exception of a half year of staffing for Olbrich, all of the savings proposed in the amendment will be ongoing.

Amendment Analysis

The proposed amendment creates 10 new Firefighter Paramedic positions to staff a 9th ambulance housed at Station 14. The 2020 Executive Budget includes full funding for a class of ten recruits in the Fall of 2020 to replace anticipated vacancies. This amendment would move the recruit class to July and add 10 recruits to the class to back fill the positions promoted to Firefighter Paramedic.

The amendment also proposes eliminating funding for 11 positions that were newly authorized in the 2020 Executive Budget. Three of the positions proposed for elimination (CDD-Childcare Specialist and the Finance and Fire Accountant positions) were funded by agencies by reductions elsewhere in their budget. Staffing costs for the Pinney Library were added based on the capital project currently underway. The Warner Park Teen Specialist and BRT positions were added as supplemental requests.

Funding for snow and ice removal on arterial paths was added to the budget by Finance Committee amendment #21.

The reductions proposed here are ongoing and offset the ongoing operating costs of the Ambulance.

Amendment Analysis

The proposed amendment creates 10 new Firefighter Paramedic positions to staff a 9th ambulance housed at Station 14. The 2020 Executive Budget includes full funding for a class of ten recruits in the Fall of 2020 to replace anticipated vacancies. This amendment would add 10 recruits to the class to back fill the positions promoted to Firefighter Paramedic.

The Executive Budget also increased the Department's budgeted overtime by \$400,000 from \$1.0m to \$1.4m. This increase is meant to ensure daily minimum staffing levels are met to operate the City's 14 fire stations. The budgeted amounts assume various other strategies that the Department will use to meet their Overtime budget. The funding in this amendment is intended to cover the full cost associated with the new ambulance and maintains a fully funded Overtime budget based on the assumptions in the Executive Budget.

The Executive Budget also increases the local match for the SAFER grant by \$904,000 from \$425,000 to \$1.3 million. The grant, awarded in 2018, was used to create 18 new Firefighter positions to staff Fire Station 14. 2020 in the last year of funding through the grant program, starting in 2021 these positions will be fully funded by the General Fund.

The total annual cost of the 9th ambulance is \$826,000. The cost to fully fund the positions in 2021 is \$449,780.

The amendment proposes reductions to three items added to the 2020 budget. These items include:

Police Auditor in the Direct Appropriations budget. It is anticipated funding will be used to hire a new permanent position. This amendment would reduce the funding by \$75,000 from \$200,000 to \$125,000.

Community Building and Engagement (CBE) activities. The Executive Budget increased funding for this program from \$200,000 to \$315,000 (\$115,000 increase), continuing one-time funding that was authorized in the 2019 budget. This amendment would remove the \$115,000.

Two of the five new Metro positions (three transit operators, one night supervisor, and one technology specialist) funded by the Vehicle Registration Fee. This amendment eliminates one newly created Transit Operator position and the Technology Specialist position in the Metro Transit budget (\$150,000).

In total, this amendment adds \$36,720 to the levy.

Amendment Analysis

The proposed amendment creates six new Police Officer positions to begin in the May 2020 academy. The 2020 Executive Budget includes full funding for 310 Police Officer positions; if adopted, the authorized strength will increase to 316 Police Officer positions. The Executive Budget also includes annualized costs for four Police Officer positions that were funded in 2015 by a COPS grant (\$362,000).

Nine officer positions were added to the Police Department budget in 2018; one of these was the final position associated with the opening of the Midtown District Station. An additional officer position was added in 2019 to replace an officer position that was upgraded to a Detective Sergeant for the Investigative Services Unit (focusing on human trafficking initiatives).

The total annual cost of the proposed 6 officer positions is \$536,400. The cost to fully fund the positions in 2021 is \$200,590.

The amendment proposes funding these increases by a variety of reductions to General and Library fund expenditures totaling \$343,061. These savings will be ongoing.

One of the proposed reductions is reducing the 2020 pay increase for General Municipal Employees. If adopted, a 5.25% pay increase would be needed if the policy goal is to achieve pay parity in one year. The projected cost (General and Library funds) of achieving pay parity one year is approximately \$4.5 million (these costs are not included in the projected annualized cost of the amendment).

Two additional squad cars and related equipment to support these positions will require an amendment to the 2020 Capital Budget; the anticipated cost of the vehicles and equipment is \$118,600.

Amendment Analysis

The proposed amendment creates three new Police Officer positions to begin in the May 2020 academy. The 2020 Executive Budget includes full funding for 310 Police Officer positions; if adopted, the authorized strength will increase to 313 Police Officer positions. The Executive Budget also includes annualized costs for four Police Officer positions that were funded in 2015 by a COPS grant (\$362,000).

Nine officer positions were added to the Police Department budget in 2018; one of these was the final position associated with the opening of the Midtown District Station. An additional officer position was added in 2019 to replace an officer position that was upgraded to a Detective Sergeant for the Investigative Services Unit (focusing on human trafficking initiatives).

The total annual cost of the proposed 3 officer positions is \$268,200. The cost to fully fund the positions in 2021 is \$100,200.

The amendment also proposes transferring expenditures for planning studies from the operating budget to the capital budget within the Planning Division.

An additional squad car and related equipment to support these positions will require an amendment to the 2020 Capital Budget; the anticipated cost of the vehicle and equipment is \$59,300.

Amendment Analysis

The 2020 Executive Budget includes \$400,000 for Peer Support contracts in the Community Development Division's budget (Service: Community Support Services). Funding for these contracts was increased by \$200,000 in the 2019 Adopted Budget; the 2020 Executive Budget eliminated this increase. Two organizations currently receive funding through this contract: Nehemiah/Focused Interruption and Madison Area-Urban Ministry. As proposed here, the increased funding will be awarded to Nehemiah/ Focused Interruption.

The amendment proposes funding the increase by reducing the budget for the newly-created Early Childhood Mental Health Specialist. The Executive Budget assumed a full year of funding for the position. As proposed here the position would have an assumed start date of May 2020. The savings would be one-time and would require an increase to CDD's 2021 budget.

Amendment Analysis

The proposed amendment splits an existing full-time position into two part-time positions. The split will allow Metro to recruit for two different skillsets for the position: one focused on technical projects and one focused on design projects. The part-time positions will be authorized at 0.6 FTE allowing the incumbents to qualify for employment benefits including health insurance and WRS. Costs associated with this change will be absorbed with Metro's existing personnel budget.

Amendment Analysis

The Kids Need Opportunities at Warner (KNOW) program provides opportunities for youth to gather, including programs such as Teen Night, Family Fun Night, the 3ON3 Basketball Tournament Series, and daily open gyms. The proposed amendment will provide support for this program that has been provided for by the Safe and Thriving Grant over the past two years. This includes \$10,000 for hourly staffing and may include food, entertainment, and prizes. The Madison Parks Foundation currently supports the KNOW program with \$8,000 and has committed to increase their support by \$37,000 for a total of \$45,000. There is no levy impact with this amendment.

Amendment Analysis

The proposed amendment would transfer \$65,000 from the Police Department purchased services budget to the Streets Division to create an additional Street Maintenance Operator II position (1 FTE increase). The newly created position will allow the Streets Division to assume responsibility for snow plowing at all Police District Stations. This service was previously provided by Engineering. The 2020 Executive Budget added \$65,000 to the Police Department's operating budget to contract out the service. An initial RFI for proposals indicated contracted snow removal would exceed the amount projected in the budget.

During the non-snow season, the newly created position will be incorporated into the staffing model for other services within the Street Division.
