## QUESTIONS FREQUENTLY ASKED BY EMPLOYEES

- 1. Why is direct deposit information needed? Providing direct deposit information is optional. If you pay for an eligible expense with a method other than the ConnectYourCare payment card, you will need to submit a claim to be reimbursed for the expense. By default, the reimbursement is issued by paper check. You may opt to be reimbursed by direct deposit. If you opt for direct deposit, ConnectYourCare will transfer funds from your flex spending account to your checking or savings account.
- 2. What does participating in a Healthcare FSA or Dependent Care Assistance Program (DCAP) account do for me? These accounts offer you a choice to pay for certain eligible expenses on a pre-tax basis. Paying for eligible expenses with pre-tax dollars reduces the amount you pay in taxes and increases your take-home pay. Every dollar paid on a pre-tax basis results in a savings to you.
- 3. Is there any cost or fee to me, as an employee, to participate? No, any administrative fees are paid by the employer.
- 4. Must I participate in my employer's health insurance program in order to participate in flexible spending?

  No. Healthcare FSAs and DCAPs are not tied to any insurance plan or company. You may participate in a

  Healthcare FSA or DCAP regardless of your particular insurance provider.
- 5. What are qualified medical expenses? Qualified expenses include dental care, prescriptions, eyeglasses, and out-of-pocket medical expenses not covered by insurance. However, vitamins and other dietary supplements taken for general health purposes are not eligible. Purchases of over-the-counter (OTC) medicines and drugs (with the exception of insulin) are only reimbursable if accompanied by a prescription or Prescription Order Form from your medical practitioner. Below are some examples of eligible OTC health related expenses:
  - **Examples of OTC items that require a prescription or Prescription Order Form:** Acid Controllers; Allergy and Sinus Medication; Antibiotic Products; Cough, Cold, and Flu Medication; Digestive Aids; Pain Relief Medication; Respiratory Treatments; Sedatives; and Stomach Remedies
  - **Examples of OTC items that are eligible and need no physician authorization:** Bandages; Blood Pressure Kits; Contact Lenses; Contact Lens Solution; Diabetes Testing Supplies; Durable Medical Equipment; Hearing Aid Batteries; Heating Pads; Insulin; Nebulizers; and Walkers and Wheelchairs
- 6. How does the Dependent Care Assistance Program (DCAP) account compare with the tax credit available on the individual Form 1040? The circumstances that determine which option offers greater savings vary from family to family. As such, the decision to choose the tax credit or the DCAP deduction may be made on a case by case basis only. Participation in the DCAP results in an immediate savings on Federal, State, and Social Security tax, whereas the Federal credit will affect Federal Income Tax only and will be taken at year-end.
- 7. How does a Cafeteria Plan, such as a Healthcare Flexible Spending Account, affect Social Security benefits? Reduction of your Social Security benefits will be minimal and is offset by the tax savings and lower healthcare costs made possible by FSA participation. To compensate for this minimal reduction, you may want to consider increasing your retirement plan funding.
- **8. Under what circumstances may the annual election amounts be changed?** The elections may be changed only if there is a change in family or employment status, as defined by Section 125 of the Internal Revenue Code.
- 9. What is the Use-or-Lose Rule? To avoid an account balance at year-end, be conservative when making your annual elections. Any funds left at the end of the Plan Year grace period are forfeited.
- 10. Who determines the rules and regulations of Healthcare FSAs and Dependent Care Assistance Program accounts? These accounts are regulated by the IRS. Plan administrator documentation guidelines are intended as a means to ensure eligibility of your requests for reimbursement. It is the Participant's responsibility to comply with these guidelines and to avoid duplication of requests or submission of ineligible charges. Failure to adhere to established requirements could lead to payment delays or denial of expense reimbursement. In the event of an error or omission in the course of administering the Plan on behalf of the employer, ConnectYourCare will notify and remedy the error or omission. The employer and employees agree to ConnectYourCare's procedures for making any corrections, including but not limited to payroll reduction. An error by the employer or ConnectYourCare does not constitute an assumption of liability for the amount of the error.
