

# Transit Network Redesign

**Walnut Grove – Tamarack Trails Neighborhood Association**  
**April 6, 2022**

# Transit Network Redesign

- The Metro Transit Network Redesign will design a route system that will better meet the needs of Madison area residents and businesses.

- [www.MyMetroBus.com/Redesign](http://www.MyMetroBus.com/Redesign)

# Pre-COVID

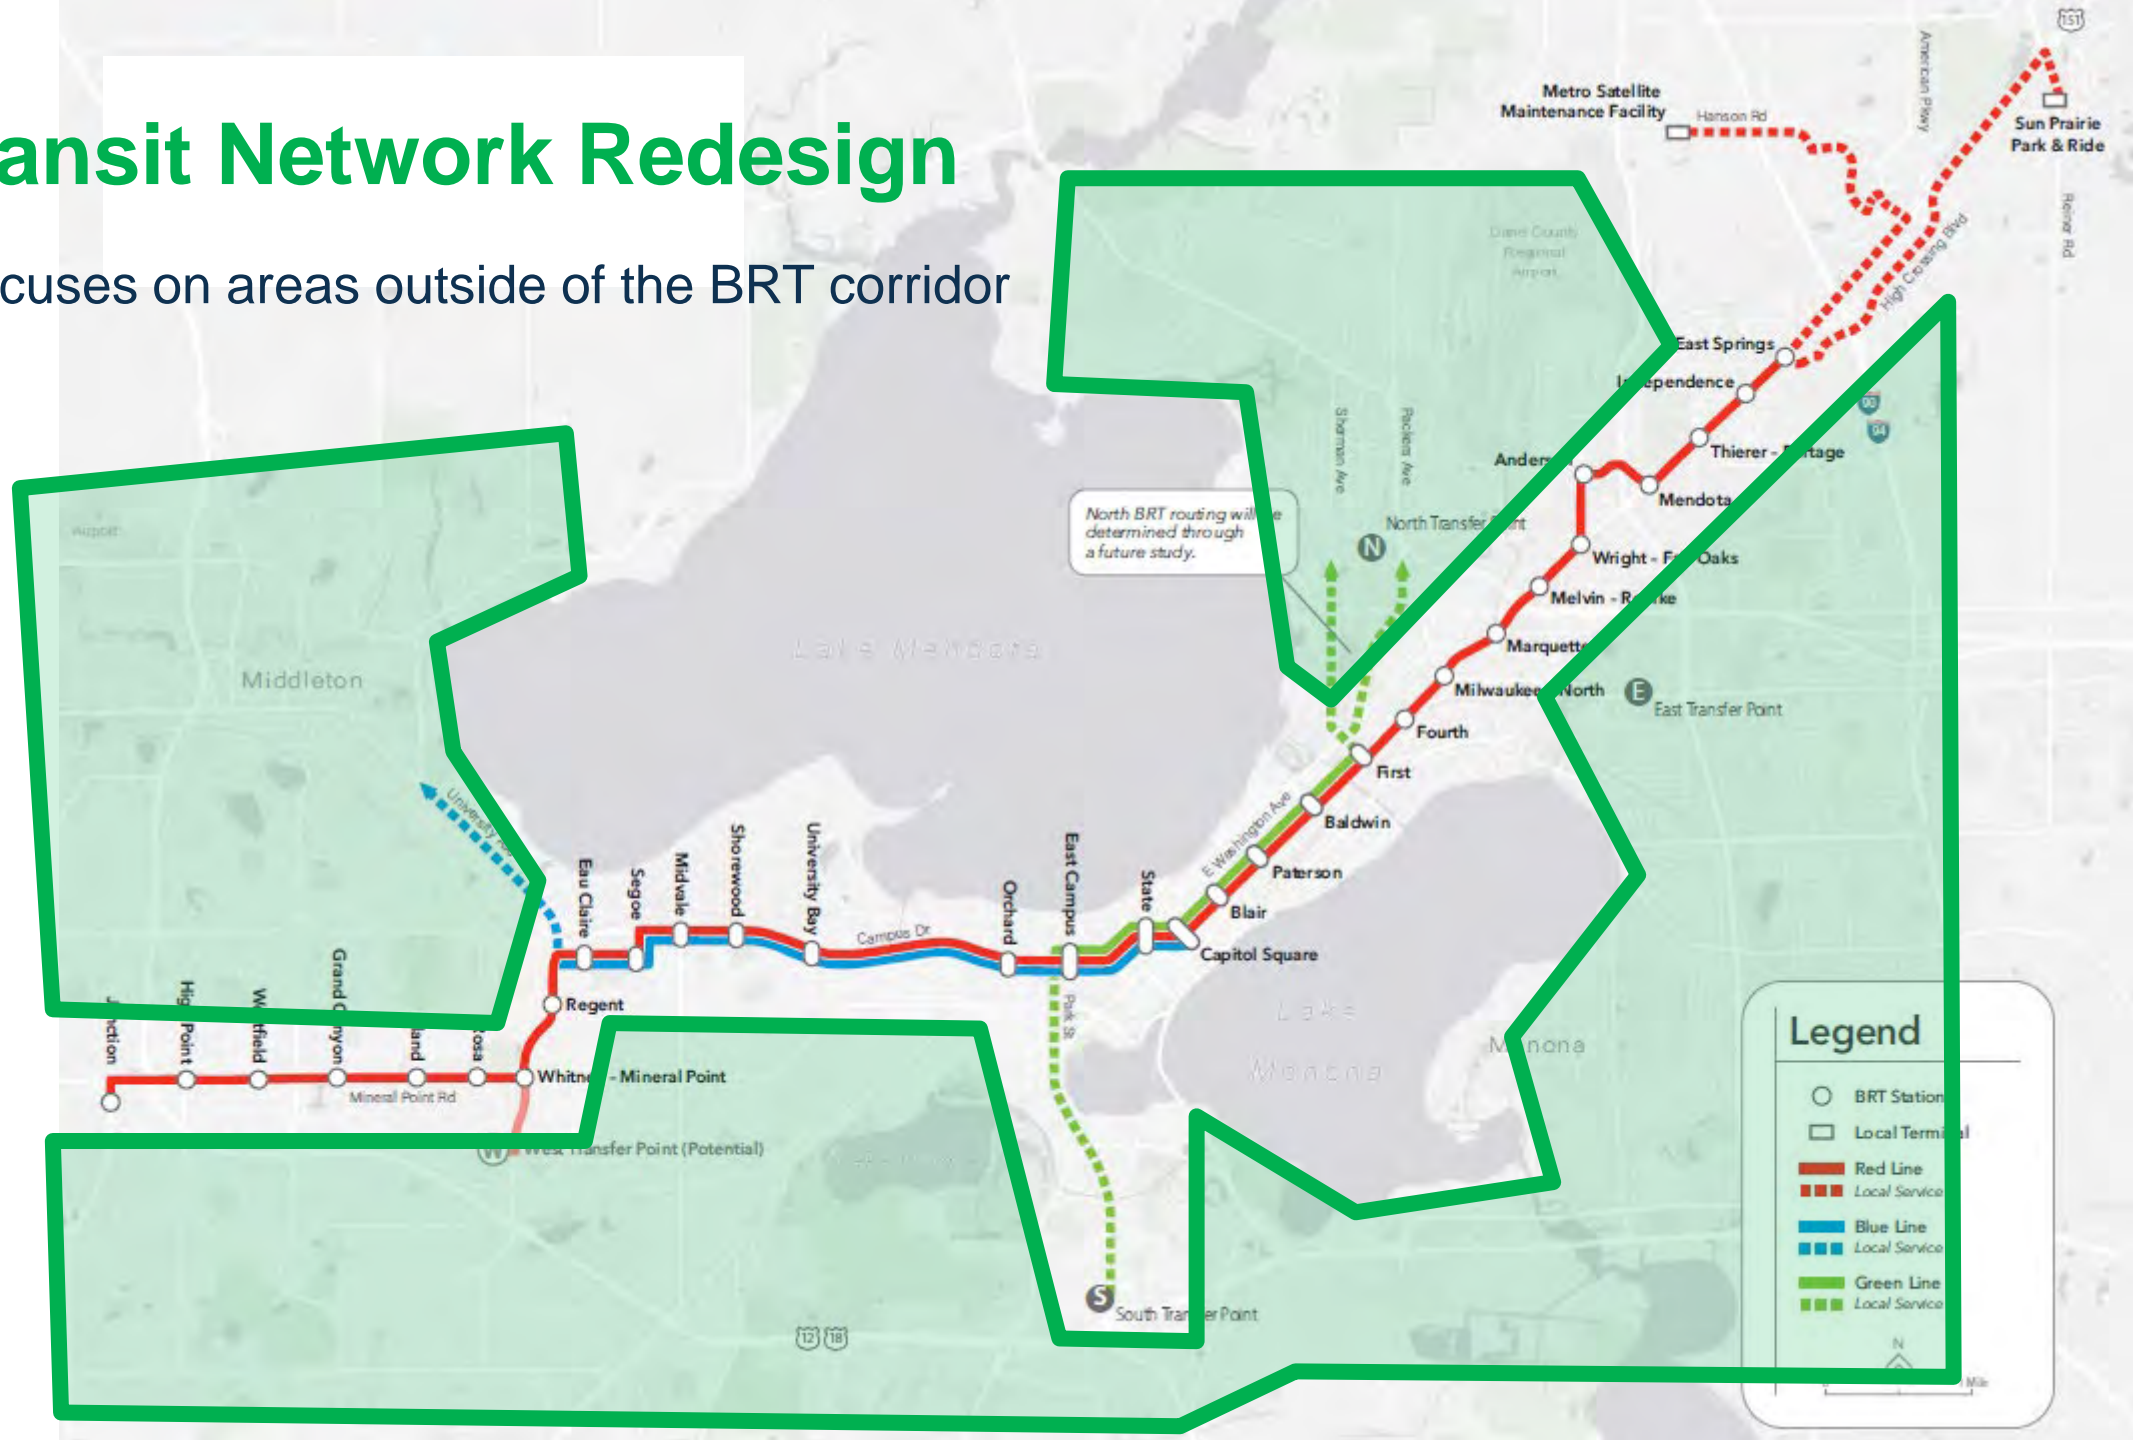

# Why now?

- Address long-standing issues and discrepancies
- Recover from COVID-19 in a way that reflects future needs
- Compliments BRT and brings some of those benefits to more neighborhoods

# Transit Network Redesign

Focuses on areas outside of the BRT corridor

# Basic Goals for Public Transportation

- **Ridership** concentrates transit service onto fewer routes with more frequent service, ultimately increasing ridership
- **Coverage** extends transit service to as many people as possible regardless of frequency

# Policy Direction

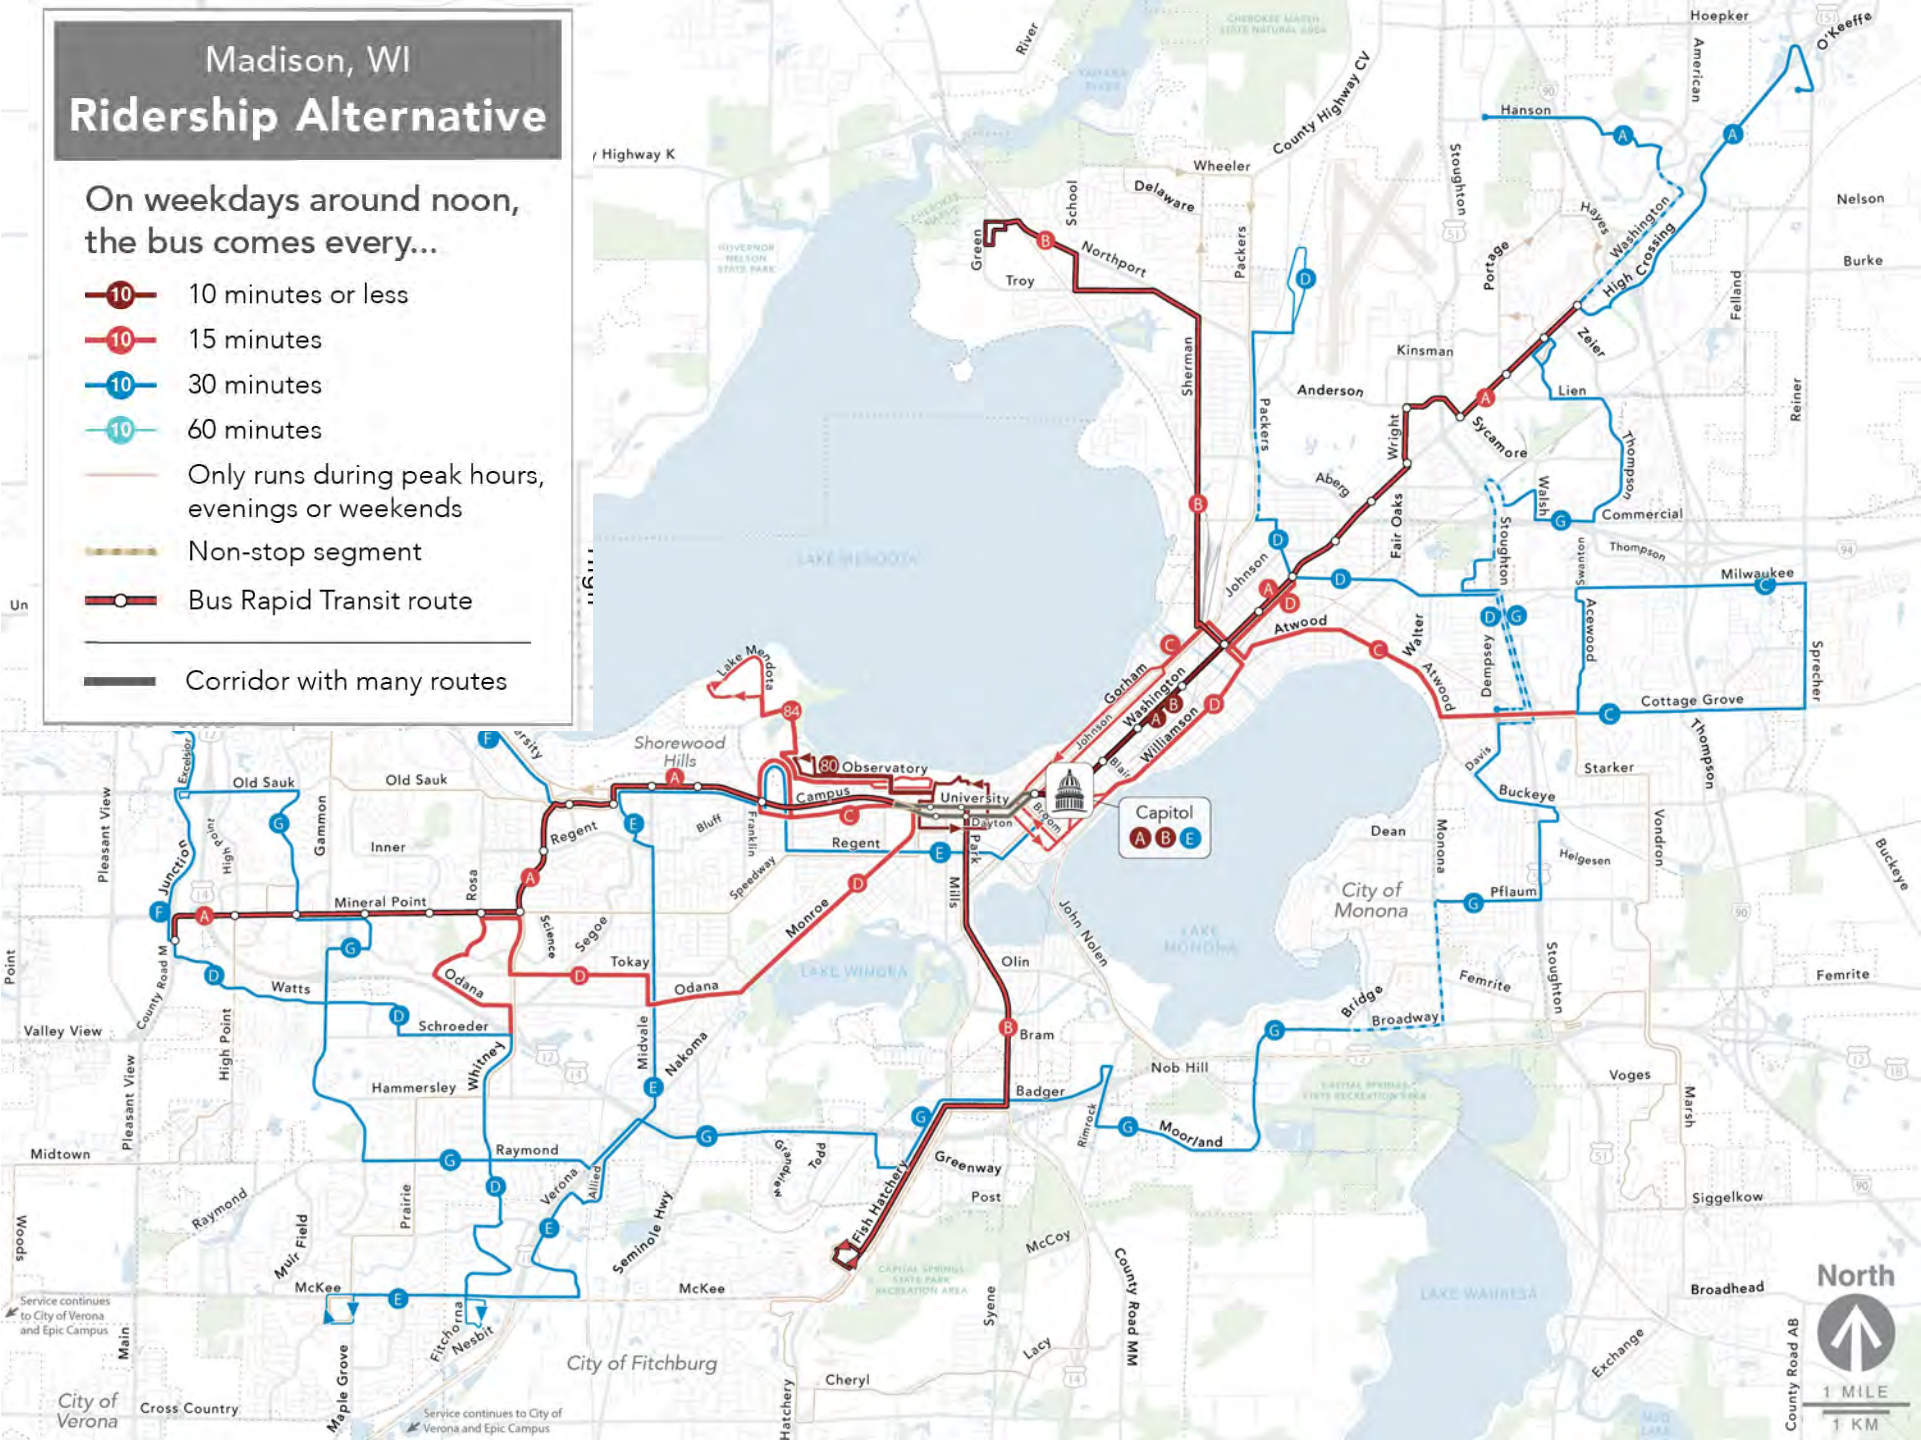

1. Ridership, definitely. Minor corrections only.
2. Ridership, mostly. Some lower frequencies to reach a few more places.
3. Coverage, mostly. Just a little less coverage to so we can get a few higher frequencies.
4. Coverage, definitely. Minor corrections only.

# Ridership Alternative

## Madison, WI Ridership Alternative

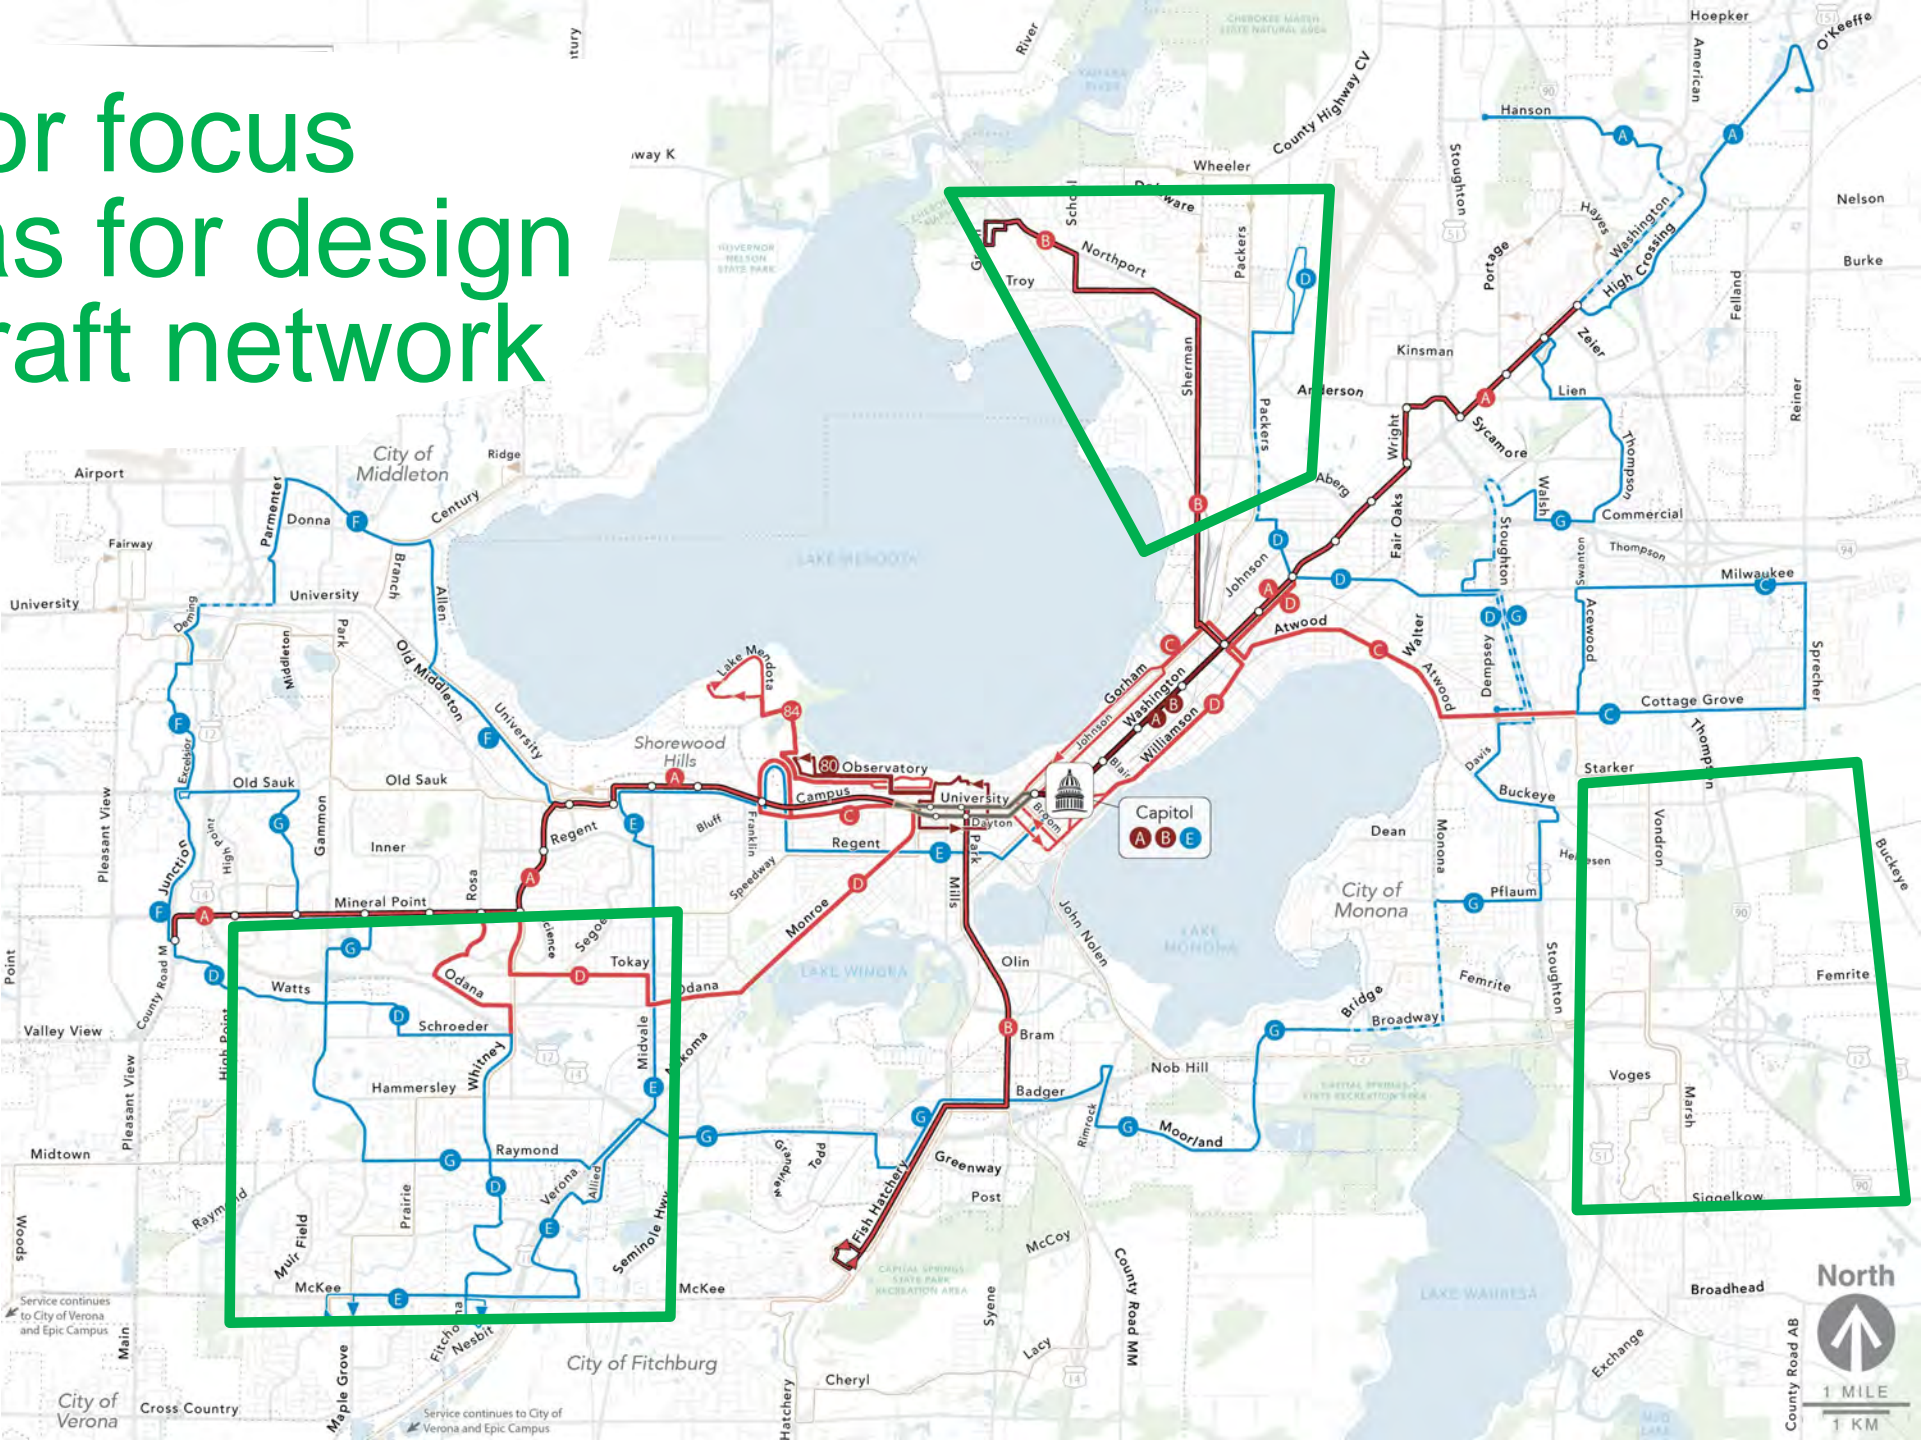

On weekdays around noon,  
the bus comes every...

- 10 minutes or less
- 15 minutes
- 30 minutes
- 60 minutes
- Only runs during peak hours, evenings or weekends
- Non-stop segment
- Bus Rapid Transit route
- Corridor with many routes

# Major focus areas for design of draft network

# Draft Plan

**Madison, WI  
Draft Plan**

On weekdays around noon,  
the bus comes every...

- 10** 10 minutes or less
- A** 15 minutes
- E** 30 minutes
- C** 60 minutes

— Peak-only  
— Non-stop segment  
— Bus Rapid Transit route and station  
— Corridor with many routes

**D** Route branches continue at lower frequency

After 8 PM and on weekends, F terminates at Eau Claire Station.

**Capitol Square**

# Amendment Process

---

- Metro will lay out plausible amendments to the draft plan.
- City of Madison Policy Makers will decide which ones to include

# Amendment 6A

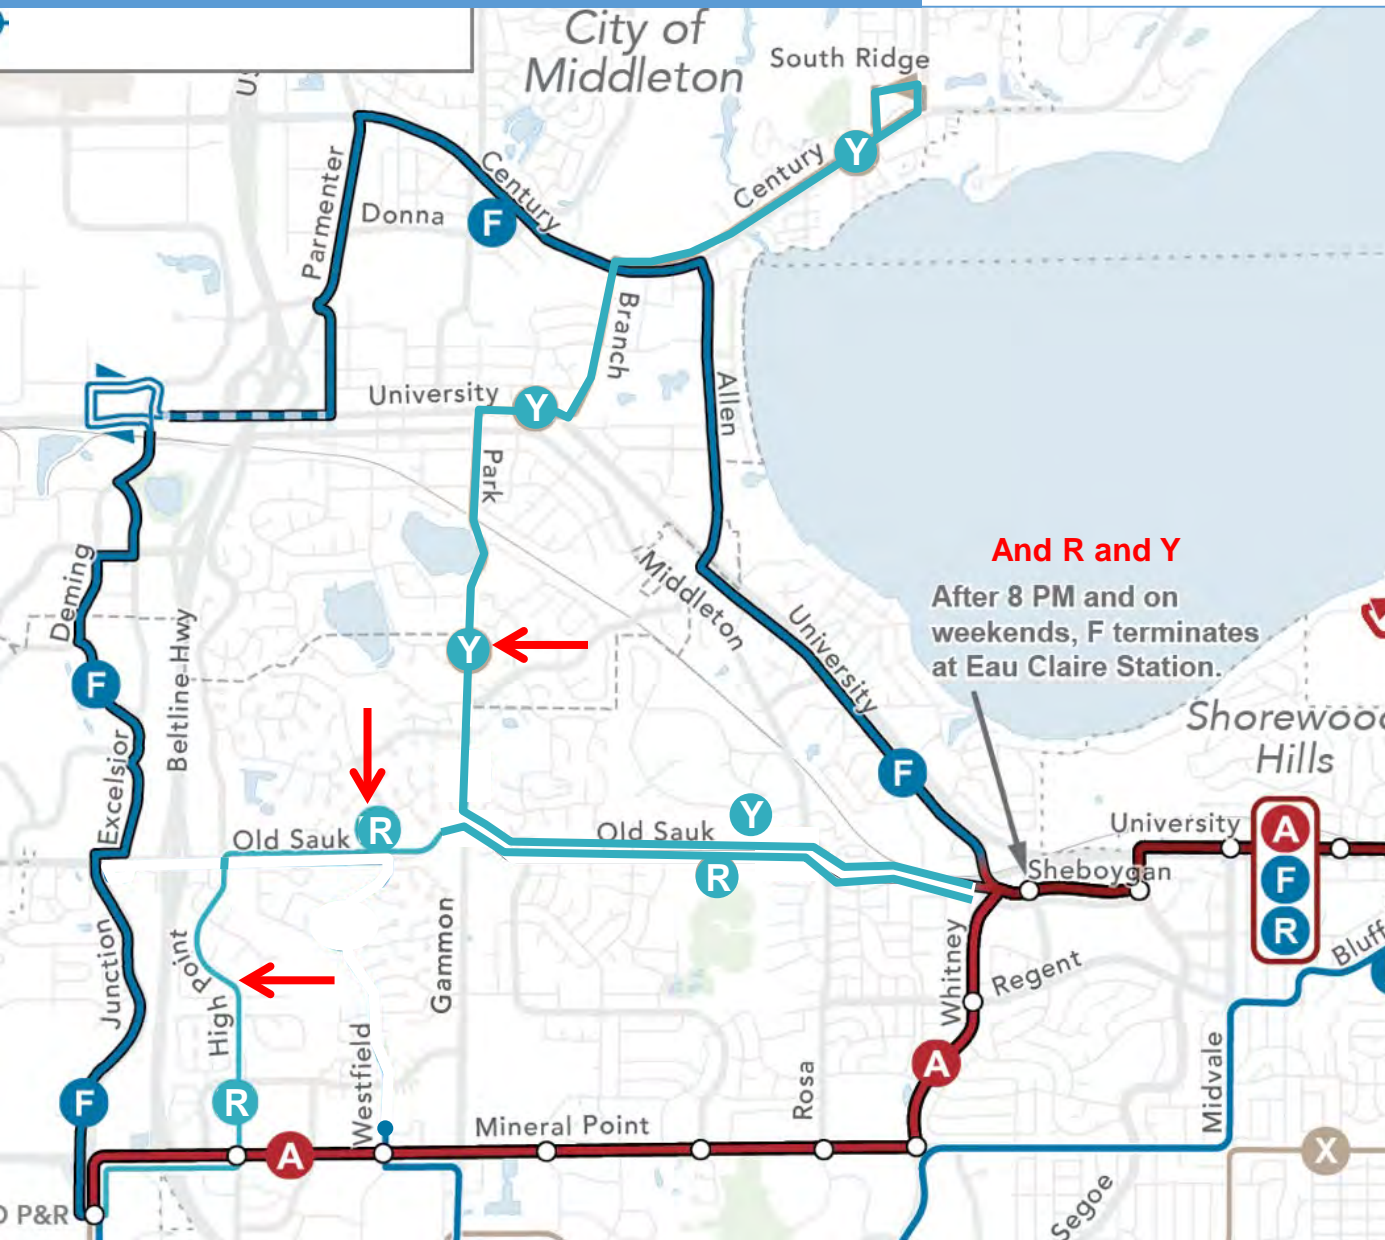

## Route H shortened and replaced with Route R

From:

- Draft plan map shows peak-only service on Old Sauk east of Gammon, and all-day Route H west of Westfield with a connection to BRT at Westfield Station.
- There is a desire for continuous all-day service on Old Sauk that is more direct to downtown Madison.

To:

- Route R acts as an extension of the BRT system weekdays during the day. It would use 60-foot BRT buses and continue in to Madison via University Avenue. On evenings and weekends, it may end at Eau Claire Station.
- Route R would run hourly throughout the day.
- Route Y in Middleton would work in a similar way, and these routes may depend on each other for scheduling purposes.

## Amendment 6B

Route H shortened and replaced with Route R, Eau Claire to Westfield Station

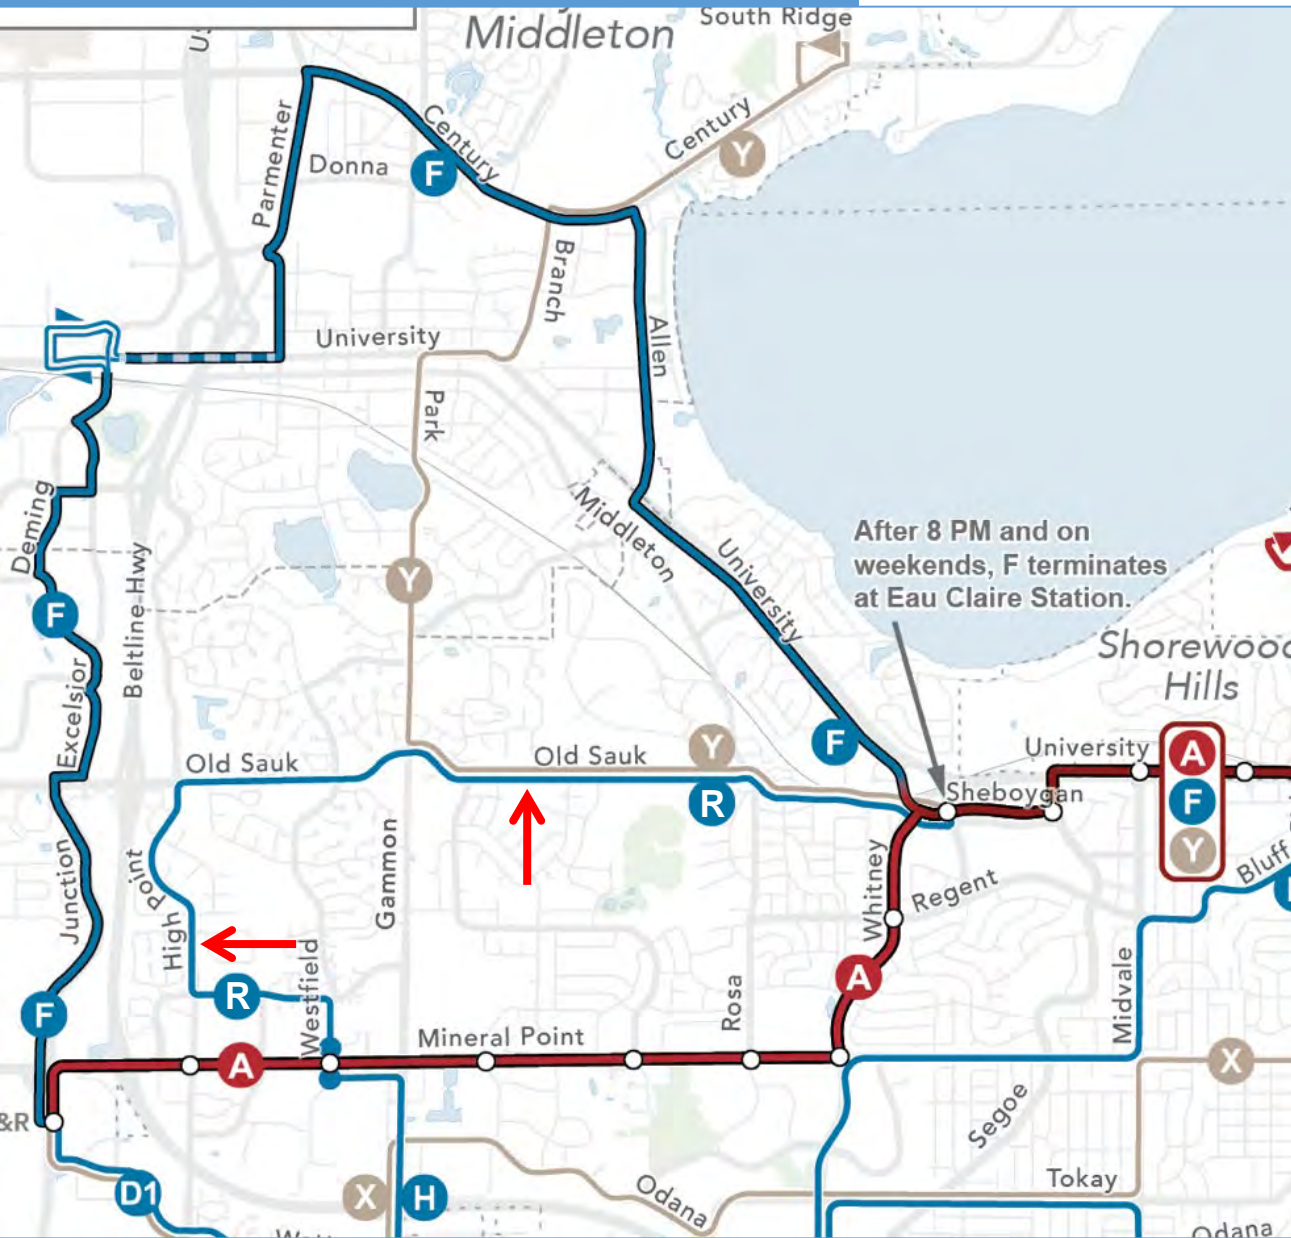

From:

- Draft plan map shows peak-only service on Old Sauk east of Gammon, and all-day Route H west of Westfield with a connection to BRT at Westfield Station.
- There is a desire for continuous all-day service on Old Sauk that is more direct to downtown Madison.

To:

- Route R acts as an extension of Route H, providing service between Westfield Station and Eau Claire Station.
- Route R provides continuous service along Old Sauk ever 30 minutes with a connection to frequent BRT service for people continuing to downtown Madison.

# Next Steps

---

- Please fill out survey – [MyMetroBus.com/Redesign](https://MyMetroBus.com/Redesign)
- Plan with amendments adopted summer 2022
- New network implemented in summer 2023
