

# ACOE MEETING #1 MINUTES

Project:	Vilas Park Master Plan	Location:	Teleconference
MSA Project No.:	15885004	Date:	August 28, 2019
Meeting Purpose:	State Agency Advisory - ACOE	Time:	9:00 am – 10 am
Meeting Organizer:	Dan Williams		

### Attendees:

Name	Affiliation	Email	Phone
Sam Woboril	ACOE	Samuel.J.Woboril@usace.army.mil	651-290-5878
Dan Williams	MSA	dwilliams@msa-ps.com	608-216-2066
Dan Schmitt	MSA	dschmitt@msa-ps.com	608-216-2059

### Action Items:

- Master Plan Process and Schedule.
- Discuss regulatory process for proposed improvements. (Cross-coordination with WIDNR.)
  - Any discharge (below plane of ordinary high water) from dredging operations would require a permit.
  - Size of lagoons would require an individual permit, timeline typically 120 days for review and approval.
    - 30 day public notice
    - Mitigation would not likely be required due to goal to improve water quality.
    - Applicable rules – Section 106, Sec. 7, U.S. Fish and Wildlife Review
  - Phasing of dredging could still be applied for and approved under a single permit
  - Installation of “Clean Beach” Filtration system may require permitting.
- ACOE suggestions or additional contacts.
  - Keys to successful management of Lagoons
    - Quality and volume of discharge from City storm sewer
  - Completing work in winter to help minimize/mitigate discharge or contamination of adjacent water
- Future Meetings.
