

# Notice of Public Meeting

**Thursday March 10<sup>th</sup>, 6:30 p.m. to 8:00 p.m.**  
**Streets East Facility Lunch Room**  
**4602 Sycamore Avenue**  
**Madison, WI**

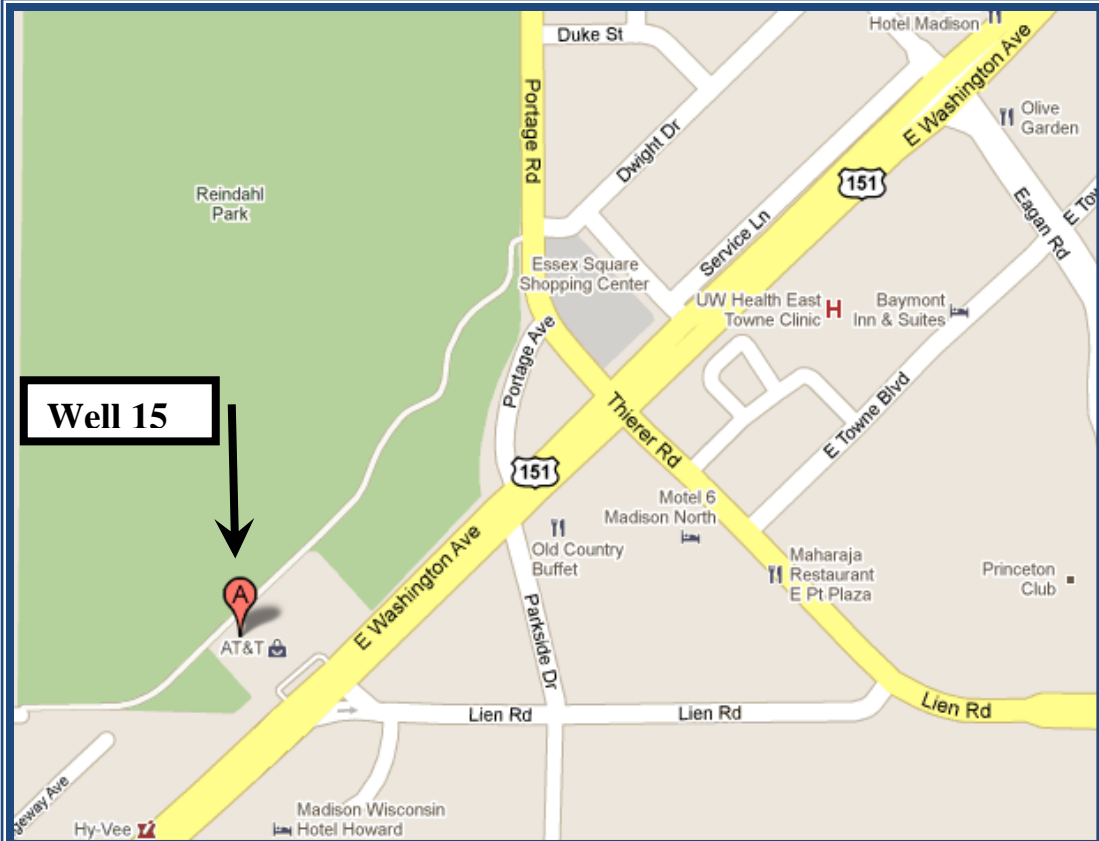

**Topic:**  
**How the Water Utility has been and will be dealing with the volatile organic compounds (VOC) in Well 15.**

Your Common Council Alder Joe Clausius and Water Utility Staff will be available to explain and discuss what the Utility has been doing with regard to rising VOC levels in Well 15. These compounds do not violate any current regulations however the Utility is preparing in case we have to deal with the VOC's at Well 15. For additional details please go to the Utility's Web page on the topic and review the report located at:
